

Dear <program name> students and emergency contacts,

We have been closely watching the expanding global disruption caused by the spread of COVID-19, and it is now clear that we are unable to offer some of our programs as previously planned. With this rapidly evolving situation and updated travel advisories, we have just sent notice to students affected by the decided to postpone Summer 2020 GO Short programs with travel starting in May.

<program name> was not planned to travel until June, and therefore **we will make a decision for the program by April 15, 2020.**

We hope by then we will have a better idea of the impacts of COVID-19 for travel in June and July. Your preparations course will be modified to accommodate a shortened schedule if we are able to travel - your OFFP-course will not start next week.

If we do need to postpone or cancel the program, we will reverse the charges for the program and be in contact with you about alternative options. As completion of the GO program is part of your academic requirements here at Susquehanna, our primary goal is to keep you on track for graduation while maintaining your health and safety.

We know you'll have many questions and concerns and we continue to be here to help you as we all respond to this unfortunate situation.

Best,

Scott Manning, Dean of Global Programs

Molly Roe, Director of Global Opportunities

Shane Sanders, Short-term Programs Coordinator
