

Hi SWSB London students and Emergency Contacts,

With the news of coronavirus spreading more in Europe, we wanted to reach out to you.

For all students, we highly recommend that you limit weekend travel due to the increased spread of the virus throughout Europe. We know that you have had many side/weekend trips across Europe already. But this situation is extremely fluid, and we have no idea if countries will place additional border restrictions and/or quarantine requirements on travelers.

We know that you're taking a more regional trip as a group this weekend, which is great. Please consider using more of your remaining weekends in the UK really getting to know different parts of the UK that you're like to miss otherwise.

Additionally, this is a reminder to:

- EXERCISE INCREASED CAUTION as this is a fluid situation and the governments are updating their travel advisories frequently.
- If students do travel: REGISTER travel with Dr. Pomykalski. BE PREPARED for possible delays – bring extra glasses/contacts, medicine, phone chargers, and clothing in case you get delayed on your travels or encounter possible delays.
- PRACTICE safe hygiene
 - WASH your hands frequently, use an alcohol-based HAND SANITIZER.
 - Cough/sneeze into your sleeve or a tissue, dispose of used tissues appropriately.
 - Clean surfaces with disinfectants regularly.
 - Avoid close contact with people who show flu-like symptoms.
- If you have flu symptoms (fever, cough, difficulty breathing), to contact local health authorities via phone and wait for information while self-quarantine. Please also contact Dr. Pomykalski via phone.

We are following university protocols to manage major health and safety issues. We continue to closely monitor this situation with additional reliance on local partners including the local government and the U.S. Embassy. We are also following the guidelines of the U.S. Department of State, the World Health Organization (WHO), the Centers for Disease Control, and our international insurance.

Best,
Scott Manning, Dean of Global Programs
Molly Roe, Director of GO
Ariana Stuhl, Study Away Advisor
